Good Evening WKT Guests,

The latest guidelines from the Centers for Disease Control and Prevention (CDC) have resulted in a change to the Washington Kali Temple’s operating procedures until further notice:

- Please stay home from the temple if you are feeling ill
- Cover your mouth with tissues while sneezing then dispose of them in the available trash bins; if none are available please use your sleeve instead of your hand to cover your mouth
- Wash your hands often with soap and water for at least 20 seconds, particularly after using the temple bathrooms, after eating, and after touching your nose or face
- Temple hours of operation and puja timings will remain as scheduled
- Any temple gatherings, language classes, festivals, rentals, and events will be suspended until further notice
- If you have recently returned from one of the countries with an outbreak, please follow CDC guidelines on self isolation
- If you belong to one of the high-risk demographics (elderly, immuno-compromised) weigh the risks of visiting public venues such as the temple carefully

Please stay tuned for further updates and visit the CDC website to keep up-to-date on the latest regarding the Coronavirus.
